Parts Ordering Guide

The following instructions are offered to help eliminate delay and error in processing purchase orders for the equipment in this section.

1. The Purchase Order must include the name and address of the person or organization ordering the parts, who should be charged, and if possible, the serial number of the machine for which the parts were ordered.
2. The Purchase Order must clearly list the quantity of each part, the complete and correct part number, and the description of the part.
3. Schulte Industries Ltd reserves the right to substitute parts where applicable.
4. Schulte Industries Ltd reserves the right to change prices without prior notice.

NOTE: Please refer to the Safety Section in the front of the Operators Manual for the proper Part Number when ordering Replacement Safety Decals. Safety decals are available free of charge from the Schulte Parts Department.

NOTE: If the Operators Manual does not accompany this Parts Manual please obtain one, free of charge from the Schulte Parts Department. DO NOT operate this implement unless you READ, UNDERSTAND, and FOLLOW the Safety and Operation instructions contained in the Operators Manual

NOTE: Please note that the appearance of some parts may vary from the artwork shown in the Manual.

For maximum safety and to guarantee optimum product reliability, always use genuine Schulte Parts. The use of inferior replacement parts may cause premature or catastrophic failure, which could result in serious injury or death.
